ABOUT SOM

School of Ministry is one of the outreach arms of Segun Obadje Teaching Ministries (SOTM). It is a 6-week New Creation-based Bible Training Institute established for adequate preparation of the saints for their God-given assignments. This School is dedicated to helping believers identify and embrace their rightful place in the Body of Christ by delivering to them a clear-cut basic understanding of Ministry.

In about 15 years, SOTM School of Ministry has been committed to equipping and raising men for Life and Destiny. Starting out with foundational teachings on the Basics of Ministry, SOM has been designed to equip both ministry gifts and non-ministry gifts with the necessary understanding required to flourish in that which God has called them to do (Ephesians 4:12; Hebrews 10:7).

The School has graduated about 3,500 men and women who have been prepared with a rounded understanding of doctrine and thoroughly furnished unto every good work. A unique part of the school is the simulation of a learning environment where discipline is instilled into the learning process. SOM runs for 6 weekends, and consists of continuous and consistent teachings, individual assignments, tests, group projects, examinations, and ultimately a graduation ceremony.

School of Ministry has a robust curriculum covering Six (6) core courses, multiple special elective courses from which students can select two (2), and a course on Project Writing & Presentation.

At the end of the School, students who satisfy all requirements are awarded a **CERTIFICATE IN MINISTRY BASICS AND MINISTERIAL ETHICS.**

TESTI- MONIALS

School of Ministry was a life-changing experience for me. The course that blessed me the most was Ministry Basics Course, where I learnt what the call of God is all about. The Church Management Course also enlightened me on many things about church finance and how church money is spent.

During School of Ministry, I had a major testimony. I was simultaneously running through my clinical posting as well as School of Ministry. I enjoyed God's favour and God's grace because I had a major exam that period. Despite having exams in SOM, and exams in school, I still had a distinction in the course, and I give God the glory. I want to say thank you to God. Thank you to SOTM. Thank you to all my teachers, pastors, and facilitators.

-Loretta

One thing that stood out for me were the teachings. Every teaching and connection with all the instructors were not just mere words; they were impartations that went straight into my spirit.

–Folasade

Having attended the Ministry Basics Course, I now have a better understanding that the call of God is a call to intimacy, to worship and learn of His true nature, and to be with Him. It is a two-way call. It's the first a call to come be with Him, worship Him and learn of His true nature before it is a call to go for Him. Church Management Course clarified the nitty-gritty of what goes on behind the scenes in church administration and gave us a better understanding of how church is properly managed.

–Joseph

My SOM experience was both impactful and insightful. I used to think being 'called' meant hearing an audible voice from God. But I've now come to understand that the call starts with simply having fellowship with Him. The course on Church Management opened my eyes to how the church truly functions behind the scenes. Taking SOM is a huge investment in yourself. It's truly worth it.

–Bambi

School of Ministry was such an eye-opening experience. The course that stood out the most for me was MBC 101 – The Call. What really struck me was how Apostle Segun Obadje explained that the call of God begins with intimate fellowship with Him. That perspective was new and refreshing for me. The exams were engaging and challenging in a good way. If you haven't done SOM yet, you really should. It takes you to a new level with deeper insights into what ministry truly means.

–Oludare

One key takeaway from the electives was realising that I can fulfil my ministry within my career. The course on Church Growth also shifted my mindset; it's not just about growing in numbers but about developing and maturing members spiritually.

-Richard

The course that stood out for me most especially was Dynamics of the Anointing Course. I learnt how I could personally transfer the anointing. The testimonies that I got from SOM were light and strength.

-Temitope

During the practical session of Dynamics of the Anointing Course, I had a backache that had exceeded about two years due to my work conditions and to the glory of God, while Apostle ministered, I received my healing and today I can say I'm completely whole.

-Samuel
